"Order & Collect" Product List

For orders collected week beginning 13th July 2020

We have developed this service to help those who are vulnerable and unable to visit the Farm Shop

(We are open as normal and following strict social distancing rules).

Please email through the order you would like to place. We will contact you to confirm receipt of the order and provide you with the next available collection slot. If you are unable to email then phone us on 028 91 270083 (option no.1) to place your order.

How it all works:

Once you place your order you will be allocated a day for collection. The orders are put together on the day to ensure everything is as fresh as possible. We will phone you once your order is ready to arrange payment and collection (this will be in the afternoon). We will contact you once your order is ready to arrange payment by card.

It will not be possible to add extra products to your order after confirmation due to the volume of orders we are processing. Any add on items would be allocated to a separate order and collection day.

When you arrive at the Food Village to collect your order you simply phone us on 028 91 270083 (choose option no. 3) and we will bring the order to your car. Prepayment is required.

The following list is only a fraction of our stock, if you require anything not listed please order and if we have it in stock we will include it in your order.

New "Fake Away Range"

Are you craving a Chinese or Indian takeaway? Maybe a "Chippy" or McDonalds?

We can help, check out our range of equivalents....
